A COMPLETE LABEL PRINTING SOLUTION

From desktop and industrial printers to custom blank labels and thermal transfer ribbons, ETIKTECH helps you select the right solution for your applications.

THERMAL LABEL PRINTERS

DESKTOP & INDUSTRIAL SOLUTIONS

- Thermal transfer and direct thermal printing
- Robust steel chassis on industrial models
- Print speeds up to 305 mm/s (12 ips)
- Resolutions: 203, 300 or 600 dpi
- Print widths from 20 to 200 mm

Specifications vary by model.

For product labeling, receiving and shipping, ticketing and patient wristbands.

BLANK LABELS

CUSTOM FORMATS FOR YOUR APPLICATIONS

- Custom sizes and shapes
- Compatible with major thermal printer brands
- Media widths up to 220 mm
- PP: matte white, glossy and transparent
- Paper: matte white

Labels manufactured to your specifications, with materials and formats selected for your printer and application.

THERMAL TRANSFER RIBBONS

THE RIGHT RIBBON FOR YOUR PRINTER

- A wide range of sizes, grades and colors
- Options for different thermal transfer printers
- Selection advice for your equipment and labels

Choose ribbons matched to your printer, label material and printing requirements.
